You will save almost EUR 900 every year because D523LS features very low consumption of water, energy and detergent. D523LS is big inside yet small on the outside taking up the minimum space in your kitchen: the useful volume grew* by 35% with the same external dimensions while the 36,5 cm opening allows washing pizza dishes and Euronorm trays. The counterbalanced door requires a 40% lower opening effort and the soft closure system prevents shocks and vibrations to the tableware. Greater productivity: 30 racks/h in maximum silence and with the extraordinary effectiveness of the patented washing system with double fl ow pump and constant pressure spray arms.
